STILL RAGING!

The Forest Fires in Michigan and Elsewhere—Fiendish Attempt to Burn a Town.

CHICAGO, May 9.—At the fire in Moreland last evening, besides the Presbyterian church, Fisher's hall and several store buildings, there were forty-seven houses burned, and the loss cannot be much less than $150,000.

Someone whose life would not be worth a picayune, had he been caught, made a diabolical effort this morning to burn down the balance of the little stricken town of Moreland. About 8:45 o'clock this morning the cottage at 4,726 Ohio street, which barely escaped destruction by yesterday's fire, was found to be ablaze.

The city was asked for help and engines were sent, but before they arrived the fire was out. The house was vacated in the midst of the conflagration yesterday and there had been no fire in the building last evening or this morning, and that it was set afire by some fiend who desired further destruction of the place the citizens are certain.

SHRUB OAK, N. Y., May 9.—A fire which originated in the oil room of the grocery store of Gilbert Darrow, last night, caused a loss of $38,000.

ADRIEN, Mich., May 9.—Extensive wood fires are raging in this county. Stephen Carpenter, while fighting the flames on his premises in Madison, Tuesday, was over come and died of suffocation before assistance reached him.

NEGANEE, Mich., May 9.—The destructive forest fires of Tuesday were partially extinguished by the rain of Tuesday night and yesterday. Twenty houses in Vulcan were burned, and minor fires are reported at Daggett, Stambaugh, and other places.

NESTORIA, Mich., May 9.—Fires are reported burning in the dense pine forests between Hill Creek and Matchwood, on the Duluth, South Shore and Atlantic railway extension between here and Duluth. The postoffice, express office and railway station at St. Collins were burned and trains delayed by fires in dangerous proximity to the track.

MARQUETTE, Mich., May 9.—Terrible forest fires prevail about here. The village of Norway is surrounded. Two buildings have been burned at the Vulcan mine. There are miles of flames in the homestead district. Bruce Crossing and Matchwood are wiped out. The refugees sought safety in ditches and cellars. Many are missing. Particulars later.

A SERIOUS EXPLOSION

Wrecks a Building and Fatally Injures Several Persons.

RACINE, Wis., May 9.—A forty horse power boiler exploded, yesterday afternoon, in A. Foster's box factory, a two story brick building. The engine room and part of the main building were blown to atoms and several hundred windows in the Racine basket factory building adjoining were shattered. Geo. Wheeler, engineer, and A. Wright, an employe, escaped with slight injuries. Mr. Foster and Martin Petersen received internal injuries that are regarded as likely to be fatal. Wm. McHall was also seriously injured. The damage to the buildings will amount to about $10,000.

NEW YORK, May 9.—At 9:15 this morning the steam boiler at the Spooner Manufacturing company exploded. Daniel Clumka, a German laborer who was attending to the boiler, was instantly killed.

The Kansas Cyclone.

HUTCHISON, Kas., May 9.—Additional news from the scene of Monday night's cyclone show that the first reports were in the main correct. The storm extended over an area of forty miles in length and two miles in width. The loss of property and stock is very great. Relief committees are at work and the suffers are resting easy. One death, that of Miss Bartlett, occurred yesterday, and a number of the other wounded are not expected to recover.

The Kentucky Races.

LOUISVILLE, Ky., May 9.—Tens of thousands of men and women are journeying toward the Churchill Downs, this morning, where the twenty-eighth annual meeting of the Louisville jockey club will be inaugurated this afternoon.

Base Ball Club For Sale.

LOUISVILLE, Ky., May 9.—The Louisville base club is for sale and the probability is that it will be disposed of today. President Davidson is disgusted.

Postmaster Short.

TRENTON, N. J., May 9.—It is ascertained here that there is a shortage of over $8,000 in the accounts of Eckford Moore, late postmaster.

OFFICERS ELECTED!

The Annual Meeting of the Fort Wayne Building and Loan Association.

The Fort Wayne Building and Loan association held its fifth annual meeting last evening, at Rathburne hall, for the purpose of electing officers for the ensuing year, and the hearing of the annual report. The report shows the association to be in a flourishing condition. The shares in the first, second, and third series are now worth $102 each.

The following were the officers elected last evening: President, F. D. Cassnave; vice-president, C. H. Walton; treasurer, Capt. C. Hettler; secretary, C. W. Howey; solicitor. J. F. Rodabaugh; auditors, P. J. McDonald, C. T. Strawbridge and J. J. Detzer; directors, W. Stephan, O. E. Bradway, A. Fisher, W. Shaw, W. L. Moellering, C. R. Higgins, F. Fink, T. J. Rodabaugh and B. Fitzpatrick.

The association commences its fifth year with bright prospects.

AN AWFUL FALL.

A Child of Mr. John Christen Tumbles into the Elevator Opening.

Mr. John Christen lives above his Ale house, on Calhoun street.

In the building is an elevator running from the cellar to the highest floors.

Just before noon to-day his little son, Andrew F., eight years old, started to call his father to dinner and accidentally tumbled into the elevator opening, falling from the second floor down into the cellar.

The lad never uttered a cry and it was some time before he was discovered, a bruised and bleeding mass.

His left lower limb was broken in two places, his head and face were cut and he suffered severe internal injuries.

It is doubtful if the child survives the shock.

PARADISE FOUND!

In the Surroundings of the St. Joe River—Fort Wayne's Unexcelled Picnic Grounds.

As the picnic season is at hand, many of our readers will have in contemplation some picnic ground to go to now and then to avoid the scorching effects of an unrelenting summer. We need not go away from the city to get such places. A ramble along the banks of the St. Joe river will lead the adventurer into more than an ideal spot, made beautiful by reason of its verdure, and the clear, sparkling river flowing at your feet; soothing influences caused by the cool breezes floating through the umbrageous foliage cause you to forget the cares and strife of a busy world and surround you with invigorating influences. There are many such little paradises of nature in the woodlands along either bank of the St. Joe river. It is a notable fact that the new work, "Fort Wayne Illustrated," gives as its most picturesque and romantic subjects the scenes at various points along the St. Joe river. Among the pretty grounds worthy of mention are those of Mr. A. D. Cresaler. THE SENTINEL is of the opinion that there will be a more general attraction to the St. Joe and its picnic grounds this year than ever before and there should be by all means. There is no doubt but that a great many of our citizens are not familiar with the advantages for a day's recreation up the river. Since the introduction on the water of the pretty Centlivre steamer "Amelia," the various grounds have been coming into increased popularity. This brisk little boat we understand will ply its first trip, a distance of four miles up, one week from next Sunday. If we mistake not the splendid facilities of the Messrs. Centlivre, in boats and supplies will be more than ever made use of this season. There have been placed a number of new boats, making fifty in all. They are finely finished and equipped. With all these facilities boating parties will be of daily and evening occurence.

The above gentleman have determined to do all they can the coming season to make that locality spring into greater popularity than ever. Besides placing at the disposal of the pleasure hunters splendid boats and other inducements, they will have Spy Run avenue sprinkled daily. Fort Wayne can feel pleased in having so near at hand such picnic grounds, a steamer to ply its way to and from them at regular intervals, and such a splendid collection of row boats at disposal.

Two children of Mr. and Mrs. S. A. Wikle have scarlet fever.

SUICIDES IN FASHION!

Cleveland Has Four Suicides Within Two Days and Michigan Adds Three to the List.

CLEVELAND, O., May 9.—George E. Goodrich, truant officer of the Cleveland public schools, shot himself in the head late last night, and died to day, making the fourth suicide in Cleveland within forty-eight hours.

EAST SAGINAW, Mich., May 9.—Chas. Sandhoff, a boot and shoe merchant here, committed suicide this morning by putting four bullets into his head. Ill health and business troubles are supposed to be the cause.

SIX KILLED.

A Horrible Railroad Accident at Kalamazoo, Mich.

KALAMAZOO, Mich., May 9.—A shocking accident occurred at 6:30 o'clock last evening, at the West Main street crossing of the Michigan Central railroad. A street car containing seven ladies and two gentlemen was crossing the track when the switch engine dashed down upon it from the east at a high rate of speed and the helpless passengers were hurled to a terrible death.

Those in the car were: Mrs. Alexander Haddock, Mrs. M. E. Watles, Miss Gertrude Tillotson, Mrs. George Smiley, Mrs. Middleton, Mrs. Van Antwerp, Mrs. S. A. Gibson, Mrs. Jonathan Barnes, Mr. L. C. Lull, and Dr. Sutton. The first six were killed, two being found dead in the cattle guard, one in the creek near by, two on the track. Mrs. Middleton died an hour later. She was thrown in the roadway. Mrs. Gibson was injured in the head. Mrs. Barnes was bruised badly. The male passengers both escaped.

DAYTON, N. Y., May 9.—A local freight train on the Buffalo and South Western road was derailed yesterday between Markham and South Dayton and Brakeman McClain, of Buffalo, was killed and Brakeman Krouse badly bruised. The tracks were blocked and passenger trains had to be transferred around the place.

WASHINGTON.

The President Interferes With the Sentence in a Murder Case.

WASHINGTON, May 9.—The president has commuted to imprisonment for ten years the death sentence imposed in the case of Grace Smallwood, colored, who was convicted in the District of Columbia of murdering her infant. He has also pardoned John Alaska, an Indian, convicted of resisting an officer and sentenced to six years imprisonment in Washington territory.

Must Pay the Judgment.

SPRINGFIELD, Ill., May 9.—Judge Gresham yesterday sustained the ruling of Judge Allen in the case of H. Enoch vs. McNulta, receiver of the Wabash railroad. Judge Allen's decision was that McNulta must either pay the judgment obtained by Enoch against him, as receiver in the state court, or if he should elect to take an appeal to the supreme court, he must file an indemnifying bond, as is the practice in the state court.

The Sioux Reservation.

PIERRE, Dak., May 9.—The commander at Fort Bennett, has receieved orders from army headquarters to move the troops and vacate the post at a moment's notice. No reason can be assigned for the order unless the Sioux reservation is to be opened inside of sixty days.

IT IS MURDER.

Mrs. Barrett Dies From the Effects of Her Husband's Brutal Beating.

Tidings reached the city at noon of the death of Mrs. John Barrett, at her home in Cedar Creek township.

Some three weeks ago her husband, John Barrett, made a murderous assault on the feeble woman, beating her with a stove poker and some fire wood until he believed her dead.

The discovery of the bloody deed and arrest of Barrett are fresh in the minds of newspaper readers.

Barrett is now in jail in default of $10,000 bail.

He feigns insanity and will plead that in extenuation of the heineous crime of murder.

Mrs. Barrett was seventy years of age. One of her sons resides in this city and is in the employ of the Street Car company.

Dr. A. J. Kessler, the coroner, and State's Attorney Robinson will drive out to the Barrett homestead to-morrow morning and hold an inquest.

Mr. Robinson will prosecute Barrett for murder in the first degree.

A Card From Mr. H. C. Berghoff.

To the Editor of THE SENTINEL:

Please allow me to correct your statement in last night's issue about me being in Huntington all day on election day. This is not true, as I was home and at the polls that day, working the straight democratic ticket. My days to go fishing on election day are very few and far between.

Yours respectfully,
HENRY C. BERGHOFF.

The item of Mr. Berghoff's absence was taken from the Huntington *Herald*, with two other items of personal interest and intended no injustice.

SYDNEY, N. S. W., May 9.—Dr. Knapp, the late German consul at Samoa, has arrived here. The advices from Samoa up to April 30, state that the natives are quiet at the islands, though the political situation remains the same.

At the suggestion of Nataafa, Admiral Kimberly, the American naval offices, and Dr. Knapp, proposed to Tamassee to agree to maintain peace. The Tamassee refused to do so unless he was recognized as king.

Upon Tamassee declining to agree to a peace, Admiral Kimberly issued a proclamation, urging the natives to maintain peace.

SHE'S A HUMMER!

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER,

THURSDAY, MAY 9, 1889.

LET the Decoration Day observance be general. Republics are not ungrateful to their heroes.

IT is expected that Governor Hovey will to-day issue a proclamation declaring the new laws in force.

MR. WIGGINS predicts a hot summer. The statement is broad enough to admit a cool day here and there.

THE Lafayette democrats made a clean sweep at the recent election, and Editor French, of the *Journal*, is correspondingly proud.

SENATOR A. P. GORMAN, of Maryland, is likely to succeed the late W. H. Barnum as chairman of the national democratic committee.

REV. MR. MCLEOD, who has resigned his pastorate at Indianapolis, will, it is said, be appointed chaplain in the navy by President Harrison.

THERE is great need of rain. We just mention this to encourage the constant prospects of a shower, and to strengthen the nerve of the weather clerk.

WM. GUNTLE, of Huntington county, has solved the problem of perpetual motion, so he says, and a machine of his invention attains all possible power.

POSTMASTER GENERAL WANAMAKER is determined that presidential postmasters shall give their personal attention to the business and has so instructed them.

THE emperor of Austria has just finished paying the debts of late Prince Rudolf. They amounted to $2,400,000. No wonder there was a mystery about his death.

THE municipal expenses of London, with a population of 4,500,000, are at the rate of $25,000,000 per year, while New York, with its 1,500,000 costs $38,000,000 per annum.

THE apportionment of the $400,000 appropriated by the last congress for distribution among the national guards of the several states has been made by the war department. Under it Indiana gets $14,239.

AUDITOR TAGGART, of Marion county, has issued a notice that the law relating to advertising applications for liquor licenses requires that they be printed in a daily paper, and that the law is in effect since March 11. A large number of Indianapolis saloon keepers have advertised in the weekly papers, and consequently their applications are not legal.

FOR the first time in a year an attempt was made at Indianapolis last Sunday to enforce the Sunday law against saloons. The superintendent of police notified them Saturday evening that they would be arrested if their places were found open Sunday. So far as outward appearances went the law was observed, but many of the saloons had their back doors open, and customers were accommodated in that way. Four saloon-keepers were caught selling and arrested.

TWO HUNDRED and three more suits have just been filed, at Lafayette, for making false returns of personal property for taxation, making nearly five hundred in all, the amounts ranging from $100 up to $194,668. One man has, for the years 1887-88, over a quarter of a million charged in the complaints as having been omitted from the assessor's blanks. In his case alone, he will have nearly or quite $10,000 of penalty and costs to pay, and then will have to pay the taxes besides. The commissioners have also directed the auditor to go back to 1882 and put on the duplicate all the omitted property he can find. Thus far about thirty cases have been passed upon by the court—all the cases where the defendants admit the charges made—and the fines thus far imposed average about $150. At this rate Tippecanoe county will realize about $75,000 by the prosecutions.

IT IS expected that the president will soon be called upon to decide a dispute, the foundation of which is already laid between the interior department and the civil service commissioners. Assistant Attorney Shilds, of the interior department, has decided that appointments in the census bureau are not under civil service rules, basing his decision upon the law respecting the census bureau, which says: "All examinations for appointment or promotion, under this act, shall be under the direction of the secretary of the interior." The civil service board, it is said, will appeal from this decision to the president, and make a strong effort to have the patronage of this important bureau placed under its control. The census bureau will give employment to 1,500 clerks for two years, and to as many more for shorter periods, to say nothing of local superintendents and enumerators. The republicans insist upon the spoils and then a political census board could pile up protective tariff figures.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.
Respectfully, I. V. PARK.

Rome City for 1889—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

POND'S EXTRA CT.

LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.

The Lt.-Governor of Illinois.

GENTLEMEN: POND'S EXTRACT has long had a place in the medicine chest of my family. I assure you that we have found it a ready and valuable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH,

POND'S EXTRACT is invaluable for all kinds of Pain, Inflammation and Hemorrhages.

Excellence invites imitation. Beware of worthless imitations of POND'S EXTRACT.

A Perfect Laxative

Should be mild, prompt, and pleasant, with no griping or purgative effects. It should also incite the liver to action, aid digestion, and relieve the kidneys. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case of costiveness." J. B. JENKINS, Teacher, Cloyd's Creek, Tenn.

"Paine's Celery Compound is prompt and pleasant. As a laxative it leaves little to be desired. I have great confidence in its merits." ALBERT LEONARD, *Associate Editor, Journal of Pedagogy, Atlanta, Ohio.*

"For two or three years I suffered intensely every night with severe pains in my bowels, which were habitually constipated. My bowels are now regular, and I have had no return of those pains since using one bottle of

HOPTONIC !

Rev. Isaac N. Sprague, D. D., Poultney, Vt., formerly of Detroit, says: "Hoptonic has done wonders for me."

Mr. F. L. Fort, of the "Times," Chicago, Ill., writes: "I find it to be most beneficial in my case." (Insomnia.)

Dr. John W. Powell, Peoria, Ill., says: "Mrs. Josies has received the most gratifying results from the use of Hoptonic."

Dr. H. Perrin, formerly of the International Throat and Lung Intstitute, Montreal, now at Boston, Mass., says: "I had heard so much regarding Hoptonic and being a great sufferer from Insomnia and Dyspepsia caused by close confinement to business, I concluded to test its merits personally. I have the satisfaction of acknowledging that I have received the greatest benefit from its use; that it is all it has been represented to be, and I recommend it to all who may be suffering from the same complaint I was. I have used Hoptonic repeatedly in my practice, and I am free to say that in every case with the most happy results."

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TREADING THE TIES

In Search of the News, but it Was a Dull Day and the Budget is Small.

Several of the machinists at the Bass works were on duty last night.

Fred Conrad, of the east yards car shops, is off duty for a few days.

A new turn-table is being put in one of the moulding rooms at the Bass works.

The Bass foundry and the Kerr Murray works will pay their employes tomorrow.

Cliff Cherry, of the Pittsburg shops, has returned to duty again after a few days' absence.

Capt. S. L. Lewis had a gold watch and chain stolen from his residence a few weeks ago.

Henry Lindeman and John Scott, of the east yard car shop, have been off duty since the election.

The east yard car shop received yesterday an order for 100 dairy produce cars and 100 box cars.

Engineer Liscomb, recently of the Nickel Plate, expects to engage in the tobacco business in this city.

Michael Krieg, formerly of the Bass works, is now solicitor for two or three insurance companies and is doing a rushing business.

Jacob Duerr, of the Fort Wayne Furniture company, who has been ill for some time, was able to be out for the first time yesterday.

Freight Conductors D. C. Burnison and Benjamin Bell, of the Nickel Plate, have been advanced to the positions of passenger conductor.

William Newman, of the Kerr Murray works, is confined to his home by reason of injuries to his leg, caused by a heavy iron plate falling on it.

The brakemen on the Nickel Plate are being changed about in their order so as to give idle men a chance until business picks up. This creates dissatisfaction.

The American Midland railroad, the old Mahoning, is now laying track east from Findlay, Ohio. On Saturday last 140 tons of steel were received at that point.

City Treasurer-elect C. J. Sosenheimer, now assistant foreman at the Pittsburg shops, is off duty this week. He will take charge of the city's finances in September.

James Aniba, a conductor on the Grand Rapids, who came in from his regular run this morning, brought vivid accounts of the terrible railroad accident at Kalamazoo.

Within a few days the charter of the Evansville, Fort Wayne and Chicago Railroad company is to be amended, increasing the number of the directors, and Dr. Henry Jameson, of Indianapolis, is to be one of the two new directors who will be elected.

Mr. M. E. Wattles, formerly superintendent of the Lake Shore railroad, whose wife was killed last evening in the terrible accident at Kalamazoo, is well known in this city. He is now superintendent of the Chicago, Kansas and Nebraska railroad, with headquarters at Harrington.

Harry Drew states that work will be commenced next month on the Evansville, Fort Wayne and Chicago road, which is 109 miles in length, located on the tow path of the Wabash canal, between Fort Wayne and Lafayette. The money is already raised to do the work. It is understood that other roads are behind this enterprise, which will, at the proper time, show their hand.

There was quite a meeting of railroad officials at the Union depot at Toledo yesterday morning that was not prearranged. Vice-President and General Manager C. C. Waite came in from Chicago, General Superintendent C. Neilson, Mr. Porter, engineer of maintainance and way; Wm. Hill, superintendent of bridges, and James Tobin, road master, all of the Cincinnati, Hamilton and Dayton road, came in from Cincinnati. Then Chief Engineer Kimball, of the Lake Shore, was there with his private car, G. W. Stevens and several Wabash officials were there, and while the party stood talking the Michigan Central came in with Superintendent D. S. Sutherland, Train Master G. W. Comstock and Mr. Chubb, superintendent of air brake.

Child Scalded.

A two year old child of Mr. William Niemeyer, a farmer living on the Piqua road, six miles from the city, was badly scalded Tuesday by the tipping over of a kettle of hot water. The right side and and limbs of the little one were terribly scalded and grave fears are expressed that the child will not recover. Dr. A. J. Laubach attends her.

The popular blood purifier, Hood's Sarsaparilla, is having a tremendous sale this season. Nearly everybody takes it. Try it yourself.

Shot by Mistake.

LOUISVILLE, Ky., May 8.—R. M. Arnold shot and instantly killed Jacob Shanklin, a negro, at the former's residence, 1114 Sixth street, at 1 o'clock this morning. Arnold mistook him for a burglar.

STILL RAGING!

The Forest Fires in Michigan and Elsewhere—Fiendish Attempt to Burn a Town.

CHICAGO, May 9.—At the fire in Moreland last evening, besides the Presbyterian church, Fisher's hall and several store buildings, there were forty-seven houses burned, and the loss cannot be much less than $150,000.

Someone whose life would not be worth a pinayune, had he been caught, made a diabolical effort this morning to burn down the balance of the little stricken town of Moreland. About 8:35 o'clock this morning the cottage at 4,726 Ohio street, which barely escaped destruction by yesterday's fire, was found to be ablaze.

The city was asked for help and engines were sent, but before they arrived the fire was out. The house was vacated in the midst of the conflagration yesterday and there had been no fire in the building last evening or this morning, and that it was set afire by some fiend who desired further destruction of the place the citizens are certain.

SHERD OAK, N. Y., May 9.—A fire which originated in the oil room of the grocery store of Gilbert Darrow, last night, caused a loss of $38,000.

ADRIAN, Mich., May 9.—Extensive wood fires are raging in this county. Stephen Carpenter, while fighting the flames on his premises in Madison, Tuesday, was over come and died of suffocation before assistance reached him.

NEGANEE, Mich., May 9.—The destructive forest fires of Tuesday were partially extinguished by the rain of Tuesday night and yesterday. Twenty houses in Vulcan were burned, and minor fires are reported at Daggett, Stambaugh, and other places.

NEWBURG, Mich., May 9.—Fires are reported burning in the dense pine forests between Hill Creek and Matchwood, on the Duluth, South Shore and Atlantic railway extension between here and Duluth. The postoffice, express office and railway station at St. Collins were burned and trains delayed by fires in dangerous proximity to the track.

MARQUETTE, Mich., May 9.—Terrible forest fires prevail about here. The village of Norway is surrounded. Two buildings have been burned at the Vulcan mine. There are miles of flames in the homestead district. Bruce Crossing and Matchwood are wiped out. The refugees sought safety in ditches and cellars. Many are missing. Particulars later.

A SERIOUS EXPLOSION

Wrecks a Building and Fatally Injures Several Persons.

RACINE, Wis., May 9.—A forty horse power boiler exploded, yesterday afternoon, in A. Foster's box factory, a two story brick building. The engine room and part of the main building were blown to atoms and several hundred windows in the Racine basket factory building adjoining were shattered. Geo. Wheeler, engineer, and A. Wright, an employe, escaped with slight injuries. Mr. Foster and Martin Petersen received internal injuries that are regarded as likely to be fatal. Wm. McHall was also seriously injured. The damage to the buildings will amount to about $10,000.

NEW YORK, May 9.—At 9:15 this morning the steam boiler at the Spooner Manufacturing company exploded. Daniel Clumks, a German laborer who was attending to the boiler, was instantly killed.

The Kansas Cyclone.

HUTCHISON, Kas., May 9.—Additional news from the scene of Monday night's cyclone show that the first reports were in the main correct. The storm extended over an area of forty miles in length and two miles in width. The loss of property and stock is very great. Relief committees are at work and the suffers are resting easy. One death, that of Miss Bartlett, occurred yesterday, and a number of the other wounded are not expected to recover.

The Kentucky Races.

LOUISVILLE, Ky., May 9.—Tens of thousands of men and women are journeying toward the Churchill Downs, this morning, where the twenty-eighth annual meeting of the Louisville jockey club will be inaugurated this afternoon.

Base Ball Club For Sale.

LOUISVILLE, Ky., May 9.—The Louisville base club is for sale and the probability is that it will be disposed of today. President Davidson is disgusted.

Postmaster Short.

TRENTON, N. J., May 9.—It is ascertained here that there is a shortage of over $3,000 in the accounts of Eckford Moore, late postmaster.

OFFICERS ELECTED!

The Annual Meeting of the Fort Wayne Building and Loan Association.

The Fort Wayne Building and Loan association held its fifth annual meeting last evening, at Rathburne hall, for the purpose of electing officers for the ensuing year, and the hearing of the annual report. The report shows the association to be in a flourishing condition. The shares in the first, second, and third series are now worth $102 each.

The following were the officers elected last evening: President, F. D. Cassnave; vice-president, C. H. Walton; treasurer, Capt. C. Hettler; secretary, C. W. Howey; solicitor. J. F. Rothenbaugh; auditors, P. J. McDonald, C. T. Strawbridge and J. J. Detzer; directors, W. Stephan, O. E. Bradway, A. Fisher, W. Shaw, W. L. Moellering, C. R. Higgins, F. Fink, T. J. Rothenbaugh and B. Fitzpatrick.

The association commences its fifth year with bright prospects.

AN AWFUL FALL.

A Child of Mr. John Christen Tumbles Into the Elevator Opening.

Mr. John Christen lives above his Ale house, on Calhoun street.

In the building is an elevator running from the cellar to the highest floors.

Just before noon to-day his little son, Andrew F., eight years old, started to call his father to dinner and accidentally tumbled into the elevator opening, falling from the second floor down into the cellar.

The lad never uttered a cry and it was some time before he was discovered, a bruised and bleeding mass.

His left lower limb was broken in two places, his head and face were cut and he suffered severe internal injuries.

It is doubtful if the child survives the shock.

PARADISE FOUND!

In the Surroundings of the St. Joe River—Fort Wayne's Unexcelled Picnic Grounds.

As the picnic season is at hand, many of our readers will have in contemplation some picnic ground to go to now and then to avoid the scorching effects of an unrelenting summer. We need not go away from the city to get such places. A ramble along the banks of the St. Joe river will lead the adventurer into more than an ideal spot, made beautiful by reason of its verdure, and the clear, sparkling river flowing at your feet; soothing influences caused by the cool breezes floating through the umbrageous foliage cause you to forget the cares and strife of a busy world and surround you with invigorating influences. There are many such little paradises of nature in the woodlands along either bank of the St. Joe river. It is a notable fact that the new work, "Fort Wayne Illustrated," gives as its most picturesque and romantic subjects the scenes at various points along the St. Joe river. Among the pretty grounds worthy of mention are those of Mr. A. D. Crossler. THE SENTINEL is of the opinion that there will be a more general attraction to the St. Joe and its picnic grounds this year than ever before and there should be by all means. There is no doubt but that a great many of our citizens are not familiar with the advantages for a day's recreation up the river. Since the introduction on the water of the pretty Centlivre steamer "Amelia," the various grounds have been coming into increased popularity. This brisk little boat we understand will ply its first trip, a distance of four miles up, one week from next Sunday. If we mistake not the splendid facilities of the Messrs. Centlivre, in boats and supplies will be more than ever made use of this season. There have been placed a number of new boats, making fifty in all. They are finely finished and equipped. With all these facilities boating parties will be of daily and evening occurence.

The above gentleman have determined to do all they can the coming season to make that locality spring into greater popularity than ever. Besides placing at the disposal of the pleasure hunters splendid boats and other inducements, they will have Spy Run avenue sprinkled daily. Fort Wayne can feel pleased in having so near at hand such picnic grounds, a steamer to ply its way to and from them at regular intervals, and such a splendid collection of row boats at disposal.

Those in the car were: Mrs. Alexander Haddock, Mrs. M. E. Watles, Miss Gertrude Tillotson, Mrs. George Smiley, Mrs. Middleton, Mrs. Van Antwerp, Mrs. S. A. Gibson, Mrs. Jonathan Barnes, Mr. L. C. IT IS MURDER.

Mrs. Barrett Dies From the Effects of Her Husband's Brutal Beating.

Tidings reached the city at noon of the death of Mrs. John Barrett, at her home in Cedar Creek township.

Some three weeks ago her husband, John Barrett, made a murderous assault on the feeble woman, beating her with a stove poker and some fire wood until he believed her dead.

The discovery of the bloody deed and arrest of Barrett are fresh in the minds of newspaper readers.

Barrett is now in jail in default of $10,000 bail.

He feigns insanity and will plead that in extenuation of the heinous crime of murder.

Mrs. Barrett was seventy years of age. One of her sons resides in this city and is in the employ of the Street Car company.

Dr. A. J. Kessler, the coroner, and State's Attorney Robinson will drive out to the Barrett homestead to-morrow morning and hold an inquest.

Mr. Robinson will prosecute Barrett for murder in the first degree.

A Card From Mr. H. C. Berghoff.

To the Editor of THE SENTINEL:

Please allow me to correct your statement in last night's issue about me being in Huntington all day on election day. This is not true, as I was home and at the polls that day, working the straight democratic ticket. My days to go fishing on election day are very few and far between.

Yours respectfully,

HENRY C. BERGHOFF.

The item of Mr. Berghoff's absence was taken from the Huntington *Herald*, with two other items of personal interest and intended no injustice.

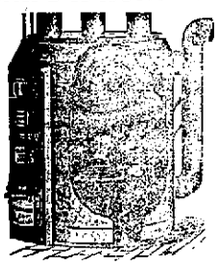
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which outstrips by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will warm best by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casing as in all other furnaces. JOHN PIESKELL,

LET the Decoration Day observance be genuine. Republics are not ungrateful to their heroes.

IT is expected that Governor Hovey will to-day issue a proclamation declaring the new laws in force.

MR. WIGGINS predicts a hot summer. The statement is broad enough to admit a cool day here and there.

THE Lafayette democrats made a clean sweep at the recent election, and Editor French, of the *Journal*, is correspondingly proud.

SENATOR A. P. GORMAN, of Maryland, is likely to succeed the late W. H. Barnum as chairman of the national democratic committee.

REV. MR. MCLEOD, who has resigned his pastorate at Indianapolis, will, it is said, be appointed chaplain in the navy by President Harrison.

THERE is great need of rain. We just mention this to encourage the constant prospects of a shower, and to strengthen the nerve of the weather clerk.

WM. GUNTLE, of Huntington county, has solved the problem of perpetual motion, so he says, and a machine of his invention attains all possible power.

POSTMASTER GENERAL WANAMAKER is determined that presidential postmasters shall give their personal attention to the business and has so instructed them.

THE emperor of Austria has just finished paying the debts of late Prince Rudolf. They amounted to $2,400,000. No wonder there was a mystery about his death.

THE municipal expenses of London, with a population of 4,500,000, are at the rate of $25,000,000 per year, while New York, with its 1,500,000 costs $38,000,000 per annum.

THE apportionment of the $400,000 appropriated by the last congress for distribution among the national guards of the several states has been made by the war department. Under it Indiana gets $14,239.

AUDITOR TAGGART, of Marion county, has issued a notice that the law relating to advertising applications for liquor licenses requires that they be printed in a daily paper, and that the law is in effect since March 11. A large number of Indianapolis saloon keepers have advertised in the weekly papers, and consequently their applications are not legal.

FOR the first time in a year an attempt was made at Indianapolis last Sunday to enforce the Sunday law against saloons. The superintendent of police notified them Saturday evening that they would be arrested if their places were found open Sunday. So far as outward appearances went the law was observed, but many of the saloons had their back doors open, and customers were accommodated in that way. Four saloon-keepers were caught selling and arrested.

TWO HUNDRED and three more suits have just been filed, at Lafayette, for making false returns of personal property for taxation, making nearly five hundred in all, the amounts ranging from $100 up to $194,668. One man has, for the years 1887-88, over a quarter of a million charged in the complaints as having been omitted from the assessor's blanks. In his case alone, he will have nearly or quite $10,000 of penalty and costs to pay, and then will have to pay the taxes besides. The commissioners have also directed the auditor to go back to 1882 and put on the duplicate all the omitted property he can find. Thus far about thirty cases have been passed upon by the court—all the cases where the defendants admit the charges made and the fines thus far imposed average about $150. At this rate Tippecanoe county will realize about $75,000 by the prosecutions.

IT IS expected that the president will soon be called upon to decide a dispute, the foundation of which is already laid between the interior department and the civil service commissioners. Assistant Attorney Shields, of the interior department, has decided that appointments in the census bureau are not under civil service rules, basing his decision upon the law respecting the census bureau, which says: "All examinations for appointment or promotion, under this act, shall be under the direction of the secretary of the interior." The civil service board, it is said, will appeal from this decision to the president, and make a strong effort to have the patronage of this important bureau placed under its control. The census bureau will give employment to 1,500 clerks for two years, and to as many more for shorter periods, to say nothing of local superintendents and enumerators. The republicans insist upon the spoils and then a political census board could pile up protective tariff figures.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. F. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

HOPTONIC

Rev. Isaac N. Sprague, D. D., Poultney, Vt., formerly of Detroit, says: "Hoptonic has done wonders for me."

Mr. F. L. Fort, of the "Times," Chicago, Ill., writes: "I find it to be most beneficial in my case." (Insomnia.)

Dr. John W. Powell, Peoria, Ill., says "Mrs. Josies has received the most gratifying results from the use of Hoptonic."

Dr. H. Perrin, formerly of the International Throat and Lung Institute, Montreal, now at Boston, Mass., says: "I had heard so much regarding Hoptonic and being a great sufferer from Insomnia and Dyspepsia caused by close confinement to business, I concluded to test its merits personally. I have the satisfaction of acknowledging that I have received the greatest benefit from its use; that it is all it has been represented to be, and I recommend it to all who may be suffering from the same complaint I was. I have used Hoptonic repeatedly in my practice, and I am free to say that in every case with the most happy results."

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine; for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

Send for a beautiful book free.

TREADING THE TIES

In Search of the News, but it Was a Dull Day and the Budget is Small.

Several of the machinists at the Bass works were on duty last night.

Fred Conrad, of the east yards car shops, is off duty for a few days.

A new turn-table is being put in one of the moulding rooms at the Bass works.

The Bass foundry and the Kerr Murray works will pay their employes tomorrow.

Cliff Cherry, of the Pittsburg shops, has returned to duty again after a few days' absence.

Capt. S. L. Lewis had a gold watch and chain stolen from his residence a few weeks ago.

Henry Lindeman and John Scott, of the east yard car shop, have been off duty since the election.

The east yard car shop received yesterday an order for 100 dairy produce cars and 100 box cars.

Engineer Lincomb, recently of the Nickel Plate, expects to engage in the tobacco business in this city.

Michael Krieg, formerly of the Bass works, is now solicitor for two or three insurance companies and is doing a rushing business.

Jacob Duerr, of the Fort Wayne Furniture company, who has been ill for some time, was able to be out for the first time yesterday.

Freight Conductors D. C. Burnham and Benjamin Bell, of the Nickel Plate, have been advanced to the positions of passenger conductor.

William Newman, of the Kerr Murray works, is confined to his home by reason of injuries to his leg, caused by a heavy iron plate falling on it.

The brakemen on the Nickel Plate are being changed about in their order so as to give idle men a chance until business picks up. This creates dissatisfaction.

The American Midland railroad, the old Mahoning, is now laying track east from Findlay, Ohio. On Saturday last 140 tons of steel were received at that point.

City Treasurer-elect C. J. Rosenheimer, now assistant foreman at the Pittsburg shops, is off duty this week. He will take charge of the city's finances in September.

James Anibs, a conductor on the Grand Rapids, who came in from his regular run this morning, brought vivid accounts of the terrible railroad accident at Kalamazoo.

Within a few days the charter of the Evansville, Fort Wayne and Chicago Railroad company is to be amended, increasing the number of the directors, and Dr. Henry Jameson, of Indianapolis, is to be one of the two new directors who will be elected.

Mr. M. E. Wattles, formerly superintendent of the Lake Shore railroad, whose wife was killed last evening in the terrible accident at Kalamazoo, is well known in this city. He is now superintendent of the Chicago, Kansas and Nebraska railroad, with headquarters at Harrington.

Harry Drew states that work will be commenced next month on the Evansville, Fort Wayne and Chicago road, which is 100 miles in length, located on the low path of the Wabash canal, between Fort Wayne and Lafayette. The money is already raised to do the work. It is understood that other roads are behind this enterprise, which will, at the proper time, show their hand.

There was quite a meeting of railroad officials at the Union depot at Toledo yesterday morning that was not prearranged. Vice-President and General Manager C. C. Waite came in from Chicago, General Superintendent C. Nelson, Mr. Porter, engineer of maintainance and way; Wm. Hill, superintendent of bridges, and James Tobin, road master, all of the Cincinnati, Hamilton and Dayton road, came in from Cincinnati. Then Chief Engineer Kimball, of the Lake Shore, was there with his private car, G. W. Stevens and several Wabash officials were there, and while the party stood talking the Michigan Central came in with Superintendent D. S. Sutherland, Train Master G. W. Comstock and Mr. Chubb, superintendent of air brake.

Child Scalded.

A two year old child of Mr. William Niemuyer, a farmer living on the Piqua road, six miles from the city, was badly scalded Tuesday by the tipping over of a kettle of hot water. The right side and and limbs of the little one were terribly scalded and grave fears are expressed that the child will not recover. Dr. A. J. Lauthach attends her.

The popular blood purifier, Hood's Sarsaparilla, is having a tremendous sale this season. Nearly everybody takes it. Try it yourself.

A trial of "One of the Finest" will convince you. Explanation elsewhere. 4 01

Shot by Mistake.

LOUISVILLE, Ky., May 8.—R. M. Arnold shot and instantly killed Jacob Shanklin, a negro, at the former's residence, 1114 Sixth street, at 1 o'clock this morning. Arnold mistook him for a burglar.

PAINESVILLE, O.

The Wonderful Carlsbad Springs.

At the Ninth International Medical Congress, Dr. A. L. A. Toboldt, of the University of Pennsylvania, read a paper stating that out of thirty cases treated with the genuine imported Carlsbad Sprudel Salt, Powder form, for chronic constipation, hypochondria, disease of the liver and kidneys, jaundice, adiposis, diabetes, dropsy from vulvular heart disease, dyspepsia, catarrhal inflammation of the stomach, ulcer of the stomach or spleen, children with marasmus, gout, rheumatism of the joints, gravel etc., twenty-six were entirely cured, three much improved, and one not treated long enough. Average time of treatment, four weeks.

The Carlsbad Sprudel Salt (powder form) is an excellent Aperient, Laxative and Diuretic. It clears the complexion, purifies the blood. It is easily soluble, palatable to take and permanent in action. The genuine product of the Carlsbad Springs is exported in round bottles. An interesting game of base ball was played on Wednesday afternoon on the Concordia college campus. The opposings nine were the Hoosiers, of Fort Wayne, and the Concordians, of Concordia college. The game was exciting from begining to end, both pitchers do ing well, and the hits were scattered through the game. The Concordians however, rallied in the fifth inning, making three runs, which placed the game in their hands. The features of the game were Schaller's beautiful home run, and a one handed stop of a hot liner. The fielding on both sides was good. Two umpires officinted during the game giving entire satisfaction. The score was: Hoosiers 2, Concordians 7. Batteries: Davis and Zollars, and Drewes and Mahnke.

Cancer of the Tongue.

For three or four years I had an eating sore on my tongue that made a considerable hole in it. I became alarmed at its progress, and went to Atlanta for treatment. The result was that I commenced the use of Swift's Specific, and the sore was soon gone, without a trace of it left. A. LEWIS.

To the City Council.

My name will be presented as a candidate for the office of street commissioner of the city of Fort Wayne. I have been connected with public buildings and works ever since I was fifteen years of age. I know all the duties of street commissioner and feel that I can keep the streets in better shape, for the amount of money now expended, than they are at present. I am a hard-working, sober and industrious man and am not afraid to take hold of the shovel myself. I kindly ask your votes.

Yours, very respectfully,
9-3t JAMES FOX.
